Chapter IX—War Production Board

AUTHORITY: Regulations in this chapter, unless otherwise noted at the end of documents affected, issued under sec. 2 (a) 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 177; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; W.P.B. Reg. 1 as amended Dec. 31, 1943, 9 F.R. 64.

PART 1010—SUSPENSION ORDER [Suspension Order S-753]

CIAMPI SAW PLANT

Ciampi Saw Plant, a partnership composed of Dulio and Marianina Ciampi, is engaged in the business of cutting granite in Barre, Vermont. In November, 1944, Ciampi Saw Plant, without permission of the War Production Board, began construction of an addition to the saw plant at an estimated cost of \$4,000, which amount exceeded the limit of \$200 permitted by War Production Board Limitation Order L-41, and in violation of that order. Ciampi Saw Plant also improperly used an AA-5 preference rating and an MRO symbol in connection with the reconditioning of a granite saw, in violation of CMP Regulation No. 5. These violations were grossly negligent and have diverted critical material to uses not authorized by the War Production Board and have hampered and impeded the war effort of the United States. In view of the foregoing, it is hereby ordered, that:

§ 1010.753 Suspension Order No. S-753. (a) Neither Dulio Ciampi and

Marianina Ciampi, or any other person shall do any construction on the saw plant on Granite Street, Barre, Vermont, including putting up or altering the structure, unless hereafter specifically authorized in writing by the War Production Board.

(b) The provisions of this order shall not apply to maintenance and repair as defined or governed by Conservation Order L-41, as amended from time to time, which involve no alterations, structural or otherwise, no change in design and no change in type or kind of materials.

(c) The restrictions and prohibitions contained herein shall apply to Dulio and Marianina Ciampi, doing business as Ciampi Saw Plant, or under any other name, their successors or assigns or persons acting on their behalf. Prohibitions against the taking of any action include the taking indirectly as well as directly of any such action.

(d) Nothing contained in this order shall be deemed to relieve Dulio and Marianina Ciampi from any restriction, prohibition, or provision contained in any other order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions hereof.

Issued this 4th day of April 1945.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

WOMEN'S FUR GARMENTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

1. Section 1389.152 (a) is amended to read as follows:

(a) As to a category of garment delivered or offered for sale during the applicable base period, the sum of (1) the cost to the seller of the garment being priced, and (2) the seller's initial percentage markup over cost on the same classification of garment of the same kind of skin during the applicable base period.

2. Section 1389.152 (b) is amended to read as follows:

(b) As to a category of garment not delivered or offered for sale during the applicable base period, the sum of (1) the cost to the seller of the garment being priced, and (2) the seller's lowest initial percentage markup over cost, established pursuant to paragraph (a) of this section,

on garments of the same classification as the garment being priced; or if he did not establish an initial percentage markup on a garment of the same classification, then the seller's lowest initial percentage markup over cost, established pursuant to paragraph (a) of this section, on any classification of garment of any kind of skin.

3. Section 1389.152a (a) is amended to read as follows:

(a) As to a category of garment delivered or offered for sale during the applicable base period, the sum of (1) the cost to the seller of the garment being priced, and (2) the seller's initial percentage markup over cost on the same classification of garment of the same kind of skin during the applicable base period: *Provided*, That the maximum price established under this paragraph for a fur garment in any category described in Appendix B shall not be higher than the highest price permitted to a wholesaler under the provisions of Appendix B for such category of fur garment.

4. Section 1389.152a (b) is amended to read as follows:

(b) As to a category of garment not delivered or offered for sale during the applicable base period, the sum of (1) the cost to the seller of the garment being priced and (2) the seller's lowest initial percentage markup over cost, established pursuant to paragraph (a) of this section, on garments of the same classification as the garment being priced; or if he did not establish an initial percentage markup on a garment of the same classification, then the seller's lowest initial percentage markup over cost, established pursuant to paragraph (a) of this section, on any classification of garment of any kind of skin: *Provided*, That the maximum price established under this paragraph for a fur garment in any category described in Appendix B shall not be higher than the highest price permitted to a wholesaler under the provisions of Appendix B for such category of fur garment.

5. Section 1389.153 (a) is amended to read as follows:

(a) On sales to wholesalers and retailers:

(1) Of the same category of fur garments delivered to wholesalers and retailers during the applicable base period, the sum of (i) the direct cost of the garment to the manufacturer, and (ii) the same percentage margin over cost received by the manufacturer upon the sale of the same classification of women's fur garment of the same kind of skin which was delivered to wholesalers and retailers during the applicable base period: *Provided*, That the maximum price established under this subparagraph (1) for a fur garment in any category described in Appendix B shall not be higher than the highest price permitted to a manufacturer for a sale to a wholesaler or retailer under the

provisions of Appendix B for such category of fur garment.

(2) Of a category of garment not delivered during the applicable base period to wholesalers and retailers, the sum of (i) the direct cost of the garment to the manufacturer, and (ii) the seller's lowest percentage margin over cost, established pursuant to subparagraph (1) of this paragraph, on garments of the same classification as the garment being priced; or if he did not establish a percentage margin over cost on a garment of the same classification, then the seller's lowest initial percentage margin over cost, established pursuant to subparagraph (1) of this paragraph, for any classification of garment of any kind of skin: *Provided*, That the maximum price established under this subparagraph (2) for a fur garment in any category described in Appendix B shall not be higher than the highest price permitted to a manufacturer for a sale to a wholesaler or retailer under the provisions of Appendix B for such category of fur garment.

6. Section 1389.153 (c) is amended to read as follows:

(c) On sales at retail by manufacturers, the net maximum prices established pursuant to paragraph (a) of this section may be increased by an amount not exceeding 20%. *Provided*, That the maximum price established under this paragraph (c) for a fur garment in any category described in Appendix B shall not be higher than the highest price permitted to a manufacturer under the provisions of Appendix B for a sale at retail of such category of fur garment.

7. Section 1389.168 is amended to read as follows:

§ 1389.168 *Appendix B; highest Price Line Limitations for manufacturers' and wholesalers' sales of certain specified garments.* This section establishes "highest price line limitations" for sales of the garments described in paragraphs (a) and (c) below, by manufacturers and wholesalers. The term "highest price line limitation" means an overriding price limitation which limits the seller's maximum price notwithstanding the fact that the seller has arrived at a higher price under the provisions of § 1389.152a or § 1389.153 of this regulation (or pursuant to § 1389.154 (b) (c) or (d)).

(a) *Highest price line limitations for manufacturers' sales to wholesalers and retailers.* (1) For the purposes of determining highest price line limitations each of the garments listed below constitutes a separate category of women's fur garment. The price enumerated in Column IV is, except as modified by subparagraph (2) of this section, the highest price line limitation for manufacturer's sales to wholesalers and retailers for the corresponding category of garment listed and described in Columns I, II and III.

(2) If a manufacturer delivered garments in any category listed and described in subparagraph (1) above, during the base period at a price or prices higher than the price listed therein for that category, he may take as his highest price line limitation for such category the price at or above which he sold 5% (or more) of his total deliveries (in units) of garments in that category during the base period. For purposes of this calculation of base period prices the manufacturer may not include garments delivered in retail sales to the ultimate consumer.

For example: Suppose a manufacturer delivered 100 Northern Muskrat back coats, made skin-to-skin, to wholesalers and retailers, during the base period. Of these he delivered

- 2 coats at \$225 each, less 8%,
- 4 coats at \$215 each, less 8%,
- 15 coats at \$210 each, less 8%,
- 49 coats at \$195 each, less 8%, and
- 30 coats at \$175 each, less 8%.

The manufacturer is not entitled to use \$225, less 8%, as his highest price line limitation because only 2% of his coats were delivered at that price. However, he did deliver 6% of his coats at or above the price of \$215, less 8%. He may, therefore, use \$215, less 8%, as his highest price line limitation for Northern Muskrat back coats made skin-to-skin, since that is the price at or above which he sold 5%, or more, of his total number of units of the same category delivered during the base period.

(b) *Highest price line limitation for wholesalers.* (1) Except as provided in subparagraph (2), below, the highest price line limitation for wholesalers for any category of women's fur garments listed and described in Columns I, II and III of subparagraph (a) (1) above, shall be the gross price listed therefor in Column IV plus the wholesaler's initial per-

centage markup over cost established under § 1389.152 (a) or under authority granted pursuant to § 1389.154 (b) or (d) for a garment of the same category, less 8%.

(2) If a wholesaler delivered garments in any category listed and described in subparagraph (a) (1) above, during the base period at a price or prices higher than his highest price line limitation as determined under subparagraph (1) of this paragraph (b) he may take as his highest price line limitation for such category the price at or above which he sold 5% of his total deliveries (in units) of garments in that category during the base period. For purposes of this calculation of base period prices the wholesaler may not include garments delivered in retail sales to the ultimate consumer. (See example under paragraph (a) (2) above.)

(c) *Highest price line limitation for garments made of rabbit skins—(1) Manufacturers.* The highest price line limitation for a sale by a manufacturer of any category of women's fur garment made of rabbit skins shall be 110% of the highest price charged by the seller for a garment of the same category delivered during the applicable base period to wholesalers and retailers. If the manufacturer did not deliver garments made of rabbit skins in such category during the applicable base period, his highest price line limitation shall be 110% of the highest price at which he is permitted to deliver a garment of the same category to wholesalers or retailers under an order issued pursuant to section 1389.154 of the regulation.

(2) *Wholesalers.* The highest price line limitation for a sale by a wholesaler of any category of women's fur garment made of rabbit shall be 110% of the highest price charged by the seller for the

same category of garment delivered during the applicable base period, or if he did not deliver a garment of the same category, then 110% of the price at which he first offered for sale during the applicable base period a garment of that category which was in his possession. If the seller did not deliver or offer for sale the same category of garment made of rabbit skin during the applicable base period, his highest price line limitation shall be 110% of the highest price at which he is permitted to deliver a garment of the same category under an order issued pursuant to § 1389.154 of the regulation.

(d) *Highest price line limitations for manufacturers' sales at retail.* The highest price line limitation for a retail sale by a manufacturer shall be 120% of the highest price line limitation (reduced to a net basis) established under the other provisions of this Appendix B by the manufacturer for his sales of that category of women's fur garments to wholesalers or retailers.

This amendment shall become effective April 6, 1945.

Issued this 4th day of April 1945.

3. Section 6 is amended to read as follows:

SEC. 6. *Maximum prices for furs and peltries delivered (or sold through an auction company or broker) during the base period.* Except for the maximum prices established by section 9 for certain raw, dressed or dressed and dyed furs and peltries, the maximum price for any kind of fur or peltry, whether raw, dressed or dressed and dyed, shall be the

ARTICLE I—GENERAL FUNCTIONS AND POWERS OF INDUSTRY ADVISORY COMMITTEES

SECTION 1. *General functions and powers of Industry Advisory Committees.* Under the Emergency Price Control Act of 1942, as amended, hereinafter referred to as the Act, an Industry Advisory Committee is an advisory and consultative group. The committee is designed to advise the Administrator with respect to industry matters that should be taken into consideration in preparing maximum price regulations and their amendments which are consistent with the act. The committee may make such recommendations as it deems advisable. The advice and recommendations of the committee are for the purpose of assisting the Administrator; and it is his duty to give consideration to the committee's recommendations; but it is the Administrator who has the responsibility for making ultimate decisions. Regardless of whether the Administrator requests consultation with the committee or the committee offers advice or recommendations on its own motion, the committee as an official organization under the act is permitted to do such things as are reasonably necessary for the proper performance of its functions and as are consistent with this regulation. Beyond this, however, committee members have no general immunity from the legal limitations imposed upon persons taking action together.

ARTICLE II—AUTHORITY TO ACT FOR THE ADMINISTRATOR

SEC. 2. *The Price Executive.* The authority of the Administrator to consult and advise with the committee or its subcommittees may be exercised by and in the name of the Price Executive of the appropriate commodity or service branch, who is referred to in this regulation as the Price Executive.

SEC. 3. *The Director of the Office of Industry Advisory Committees.* The Director of the Office of Industry Advisory Committees is authorized to act for the Administrator in:

(a) The supervision and coordination of the Industry Advisory Committee program, including clearance and approval of appointment of committees and members thereof.

(b) Receiving and processing official committee documents and official communications to and from officers of committees.

ARTICLE III—APPOINTMENT OF COMMITTEES

SEC. 4. *Time of appointment.* The Administrator will from time to time appoint committees, national or regional or both, representative of their respective industries, upon his own initiative, in advance of major price action, or upon requests of a substantial portion of an industry under the provisions of the act.

Requests for the formation of a committee may be made by a person or persons subject to a maximum price regulation or order, by the filing of a written application, in duplicate, with the Director of the Office of Industry Advisory Committees.

SEC. 5. *Composition of committees—*
 (a) *Definition of "industry."* The Administrator will determine what constitutes an "industry" under the meaning of the act, taking into account the organization of the Office of Price Administration, and will determine whether it is appropriate to appoint committees that are national or regional or both.

(b) *Representative character.* The Administrator will as far as practicable select members in such a way that the committee will be truly representative of the industry, or of the industry in a region, taking into account geographical dispersion, small and large concerns, integrated and non-integrated operations, methods of merchandising and distribution, membership and non-membership in organized trade groups.

(c) *Eligibility for membership.* Eligibility for membership on an Industry Advisory Committee shall be determined by present occupation in a supervisory, managerial or technical capacity related to the production, distribution or use of a commodity or service by a firm in the industry.

SEC. 6. *Committee designation and announcement—*
 (a) *Appointment of committee members.* Appointment of committee members shall be by letter from the Administrator and this letter will contain the names of all members of the committee.

(b) *Notification to the Attorney General and the press.* At the time of this appointment, a letter will be sent to the Attorney General advising him of the committee's appointment and its membership, and a press release will be issued publicly announcing such appointment.

SEC. 7. *Alteration of committees.* The Administrator may from time to time enlarge, reduce or change the membership of a committee. A member shall resign by letter to the Administrator.

SEC. 8. *Standing subcommittees.* When deemed advisable the Administrator may appoint a standing subcommittee in the same manner as is provided for the appointment of a regular committee. He may appoint to this standing subcommittee persons who are not members of the regular committee.

SEC. 9. *Temporary subcommittees.* The chairman of the committee, elected as hereinafter provided, may appoint temporary subcommittees from the membership of the committee to handle special problems. The Price Executive shall be notified of such appointment.

ARTICLE IV—OPERATIONS OF COMMITTEES

SEC. 10. *Officers and employees—*
 (a) *Officers.* A committee or standing subcommittee shall elect a chairman from among its members by a majority vote of the total membership. A committee or standing subcommittee may elect a vice-

chairman from its members; and a secretary, a treasurer or a secretary-treasurer. Election of a non-member as secretary, treasurer or secretary-treasurer, while permissible, does not constitute the person elected a member of the committee though he may attend meetings in order to perform the duties of his office.

(b) *Employees.* A committee may hire other assistants but such employment does not entitle them to privileges of committee membership, nor attendance at consultative meetings with representatives of the Office of Price Administration, except by written invitation from the Price Executive, as hereinafter provided.

SEC. 11. *Finances.* A committee may request and receive voluntary contributions from the industry represented, for committee maintenance, such as salaries and expenses of the staff and traveling expenses of the committee members. Contributions in excess of an amount reasonably necessary for the committee to perform its functions may not be requested or received. The chairman or treasurer of the committee shall file, in duplicate, quarterly financial reports of receipts and disbursements with the Director of the Office of Industry Advisory Committees, within thirty days after the last day of March, June, September and December in each year.

SEC. 12. *Meetings—(a) The initial meeting.* The Price Executive will make arrangements for the initial meeting of the committee for the purpose, among others, of electing a chairman.

(b) *Meetings of a committee or subcommittee.* Meetings of a committee or subcommittee may be called by the chairman thereof; or by the Administrator or Price Executive for purposes of consultation. Meetings called by the chairman shall be held at such times as may seem proper to him. Meetings called by the Administrator or Price Executive shall be held at such times as he deems proper. The chairman may notify the Price Executive that the committee desires to consult with him with respect to a regulation or order governing all or a part of an industry, or with respect to the form of such regulation or order, or with respect to classifications, differentiations, and adjustments in such regulation or order. Upon receipt of such notice the Price Executive shall within a reasonable time call a meeting for such purpose.

(c) *Notices and agenda.* The chairman, in the case of meetings called by him, and the Price Executive, in the case of meetings called by him or the Administrator, shall send written notice of the time and place of the meeting, with the proposed agenda, to all members of the committee. Copies of the notices and agenda shall also be sent in duplicate to the Director of the Office of Industry Advisory Committees. These notices and agenda shall be mailed at least ten business days in advance of the meeting date.

[Paragraph (c) amended by Am. 1, effective 4-10-45]

(d) *Attendance at meetings.* When the Administrator or Price Executive calls a meeting he may designate a member of his staff as the representative of the Office of Price Administration to conduct the meeting. Other members of the staff of the Office may participate in the meeting. Persons who are not members of the committee or of the staff of the Office may not attend committee meetings, except upon written invitation from the Price Executive or Administrator with the consent of the committee chairman. There shall be no alternates for members in attendance at any meeting. The Price Executive may attend or may designate some member of his staff to attend meetings called by the chairman of the committee, though he has no duty to do so.

(e) *Quorum.* Two-thirds of the total membership of a committee or standing subcommittee shall constitute a quorum for purposes of committee action. There shall be no votes by proxy.

(f) *Minutes of meetings.* Minutes shall be kept of all meetings of committees or standing subcommittees. When a meeting is called by the chairman the keeping of the minutes is the committee's responsibility, and copies of these minutes shall be filed in duplicate with the Director of the Office of Industry Advisory Committees within fifteen days after the meeting. When the meeting is called by the Administrator or Price Executive the minutes are the responsibility of the Office of Price Administration, and a copy shall be sent the chairman by the Price Executive within fifteen days after the meeting.

SEC. 13. *Formal committee action.* No representation or recommendation made to the Administrator shall be regarded as coming from the committee, unless it was agreed to by a majority of the members present at a meeting duly held under this regulation.

A representation or recommendation of a standing subcommittee, agreed to by a majority of the members present at a meeting duly held under this regulation, may be adopted by the members of the committee by vote taken by mail. However, if any member of the committee so requests in writing, the chairman shall place the proposed representation or recommendation upon the agenda of the next meeting for general discussion.

Recommendations to the Administrator may be made by action of the committee in meetings duly called for consultation, or may be submitted by the committee in writing. Such written recommendations shall be signed by the chairman of the committee, filed in duplicate with the Director of the Office of Industry Advisory Committees, and shall contain a statement indicating that the recommendations were made at a duly held meeting. This statement shall include a record of the vote. Any minority report or recommendation may be made in the same way at the same time.

A subcommittee may not make reports and recommendations directly to the Administrator. However, if the committee

refuses to adopt the report or recommendation of a standing or temporary subcommittee, the chairman of the subcommittee may submit two copies of its report or recommendation to the Director of the Office of Industry Advisory Committees, with the notation of its failure of adoption by the committee.

Recommendations of committees shall be considered by the Administrator and accepted or rejected in accordance with procedures established by him.

ARTICLE V—WAIVERS

SEC. 14. *Waiver.* The Administrator may, upon written notice to a committee, waive any portion of this regulation except such portions as are specifically prescribed in the act or otherwise required by law.

LARD RESTRICTION ORDER FOR PUERTO RICO

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Restriction Order 13 is amended in the following respects:

1. Section 1.1 (a) is amended to read as follows:

(a) Unless authorized by the Office of Price Administration no importer or wholesaler shall transfer lard to any person who was not his customer during the months of November or December 1944, or January 1945, and no importer or wholesaler shall transfer or offer to transfer to any customer and no customer shall accept, for any given period of four (4) weeks, more than $\frac{1}{10}$ (40%)

of the average four-week period transfers made to that customer during the months of November and December 1944 and January 1945. *

2. Section 1.2 (b) is amended to read as follows:

(b) *Allocation of quota not delivered to a customer* When a customer for any reason fails to accept a quantity of lard which he is entitled to obtain during any one given period of four (4) weeks, the importer or wholesaler may transfer that customer's allocation to one or more of his customers for delivery during the four-week period immediately following if such transfer will not result in the acquisition by such customer of more than 100% of the average four-week period transfers made to him during the months of November and December 1944 and January 1945. An importer or wholesaler who transfers to one or more of his customers the allocation of lard which another customer has failed to accept shall notify the Office of Price Administration in writing of such transfer.

3. Section 1.2 (c) is amended to read as follows:

(c) *Transfers in excess of the four-week period quota.* Whenever an importer's or wholesaler's distribution is made on the basis of a certain unit such as a barrel or tin and the four-week period quota of the customer is less than such unit, the importer or wholesaler may nevertheless transfer to such customer a full unit. However, the amount of lard transferred in excess of that customer's four-week period quota shall be charged to his succeeding four-week period quota, and no further transfers of lard shall be made to such customer, and such customer shall not accept any further transfers of lard, until the quantity of lard transferred to him has been used in accordance with his four-week period allowable quota.

4. Section 1.2 (d) is amended to read as follows:

(d) *The Director may assign quotas to Local Boards.* The Director may assign four-week period quotas to Local Boards in accordance with the available supplies of lard.

5. Section 2.2 is amended to read as follows:

SEC. 2.2 *Importer's and wholesaler's monthly reports.* Every importer and wholesaler must prepare in triplicate a monthly report on Form OPA FR-R 205 indicating the name of its customers and the transfers of lard made to each one of them during the month. The original of said report must be filed with the Office of Price Administration in San Juan, Puerto Rico, the duplicate shall be filed with the Local Board having jurisdiction over the area where such importer's or wholesaler's establishment is located and the triplicate shall be kept in such importer's or wholesaler's establishment for at least six months after this restriction order has been revoked. These monthly reports must be filed not later than the 5th day of the month immediately succeeding the period reported.

This amendment shall become effective March 26, 1945.

NOTE: The record keeping and reporting requirements of this Order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 5th day of April 1945.

When the applicable regulation requires the maximum price to be computed on the basis of cost, the amount used as the cost may not include any adjustment charge authorized for the manufacturer and the maximum price so computed may be adjusted in the same manner.

On all sales, other than sales to the ultimate consumer, this additional adjustment charge may be made and collected only if it is separately stated on each invoice. The adjusted maximum prices are subject to the seller's customary terms, discounts, and allowances on sales of the same or similar articles.

(c) *Notification.* At the time of, or prior to, the first invoice to a purchaser for resale, on and after the effective date of this order, for the sale of the article covered by this order at a price adjusted in accordance with the terms of this order, the seller shall notify the purchaser, in writing, of the method established by paragraph (b) of this order for determining the adjusted maximum prices for resales of the articles. [Region VIII Order G-5 Under RMFR 251]

PLUMBING SERVICES IN SOUTHERN CALIFORNIA AND CLARK COUNTY, NEV.

For the reasons set forth in an opinion issued simultaneously herewith, and under the authority vested in the Regional Administrator of the Office of Price Administration by section 9 of Revised Maximum Price Regulation No. 251, it is hereby ordered:

(a) *Geographical applicability.* This order shall apply to sellers located in the following areas:

(1) *California:* Imperial, Inyo, Kern, Los Angeles, Orange, Riverside, San Diego, San Bernardino, San Luis Obispo, Santa Barbara, and Ventura counties;

(2) *Nevada:* Clark County.

(b) *Maximum prices.* The maximum price of plumbing services in the above areas shall be the sum of a charge based on the hourly rates specified in subparagraph (1) and the maximum price of the materials used as specified in subparagraph (2). No additional charges may be made for rental or use of equipment or for fees, except as otherwise specified in this order.

(1) The maximum hourly rate shall be either the rate in Column A, or the labor

cost per hour multiplied by the percentage in Column B, whichever is lower.

	Column A			Column B
	Straight time	Overtime	Sundays and holidays	Percentage of legal labor cost
Journeyman plumber.....	\$2.50	\$3.75	\$5.00	133%
Apprentice plumber.....	1.75	2.63	3.50	140
Common labor.....	1.75	2.63	3.50	140

(i) *Measurement of hours.* The number of hours to be charged against any job is to be counted from the time the workman leaves the shop or the previous job (whichever is later) until he completes the job if he proceeds to another job or until he returns to the shop if he proceeds there directly. For any job extending into more than one day, time in transit to or from the job may be charged only once. The hours for which charges are made shall not exceed those shown in the seller's payroll records nor those shown in records which paragraph (d) of this order requires the seller to keep.

(ii) *Minimum charge.* If a job requires less than one man-hour, there may be collected a minimum charge equal to 110% of the hourly rate.

(iii) *Outside sewer stoppage removal.* A minimum charge not to exceed \$5.00 may be made for outside sewer stoppage removal where total applicable hourly rate does not exceed this amount. If because of employment of power-driven equipment, maximum hourly rates were in effect during March 1942, and records are available to substantiate such rates, then the same rates may be continued for this type of work.

(iv) A journeyman plumber doing his own work shall take as his labor cost the labor cost applicable to journeyman plumbers.

(v) *Definitions.* (a) "Plumbing services" means plumbing repair, maintenance and installation services, and includes the sale of installed plumbing materials; and "plumbing" means gas, water, and steam distribution or waste removal systems. "Plumbing services" also includes installation of oil burners and feed lines.

(b) "Overtime" refers to hours of work performed at customer's request on Saturday or between the hours of 5:00 p. m. and 8:00 a. m., Monday to Saturday.

(c) "Sundays and holidays" refers to work performed at customer's request on Sundays and national holidays and emergency night calls made at customer's request.

(d) "Labor cost" means the wage rates in effect on October 3, 1942, or wage rates which have been established by proper governmental agencies.

(2) *Materials.* The maximum price of any new materials shall be the highest price charged for such materials by the seller during March 1942, or the price published as of the date of issuance of this order, in Merchants Plumbers Guide,

issued by John B. Reeves & Son, 3665 South Vermont Ave., Los Angeles 7, California, whichever is lower. The maximum price of any used materials, or of new materials which cannot be priced as provided above, shall be the seller's maximum price, as determined under the appropriate maximum price regulation.

(3) *Jobs selling for more than \$350.* For jobs sold for more than \$350 the maximum price shall be calculated under section 7 of Revised Maximum Price Regulation No. 251, but may not exceed the maximum price provided above in this order.

(c) A seller may offer to supply a plumbing service covered by this order on the basis of a guaranteed price, the seller agreeing to charge a fixed amount: *Provided, however* That such guaranteed price may not exceed the maximum price established by this order.

(d) *Notification to purchasers.* Every person making sales subject to this order must keep a record showing the time spent by his employees on any job involving plumbing services and of the wage rate for each such employee. Such records shall be kept by the seller at his place of business and shall be available for inspection by the Office of Price Administration. In addition, every person making sales subject to this order shall furnish to the customer an invoice or sales slip on which he has itemized labor and materials and on which he has certified that the price charged does not exceed the prices permitted by this Order No. G-5 under Revised Maximum Price Regulation No. 251. Duplicates of such invoices or such sales slips shall be kept by the seller at his place of business and shall be available for inspection by the Office of Price Administration.

(e) This order supersedes sections 6, 7, and 8 of Revised Maximum Price Regulation No. 251 with respect to plumbing services supplied in the described areas, except where it is otherwise provided herein.

(f) This order may be amended or revoked at any time.

(g) This order shall become effective March 28, 1945, except that it shall not apply to sales made pursuant to contracts entered into prior to such date.

OGDEN CORPORATION

MEMORANDUM OPINION AND ORDER PERMIT-
TING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 3d day of April, A. D. 1945.

Sale by registered holding company of unexchanged securities. Declaration filed by registered holding company regarding sale at public auction of its common stock remaining unclaimed by persons entitled thereto under plan of reorganization of its predecessor company pursuant to Bankruptcy Act and the retention of the proceeds of such sale for a six year period for the benefit of such persons, permitted to become effective, it appearing that the proposed transaction is in conformity with the order of the Federal Court approving the plan of reorganization of its predecessor company and the Commission observing no basis for adverse findings; jurisdiction being reserved over the sales price.

Ogden Corporation ("Ogden") a registered holding company, has filed a declaration under sections 7 and 12 (c) of the Public Utility Holding Company Act of 1935, in which Ogden, pursuant to the order of the Federal Court confirming the plan of reorganization of its predecessor company, Utilities Power & Light Corporation, proposes to sell at public auction approximately 54,000 shares of Ogden's \$4 par value common stock, representing stock which remains unclaimed by holders of securities of Utilities Power & Light Corporation, and to hold the net proceeds of such sale for a six year period for the benefit of such security holders.

After appropriate notice, a public hearing was held. Having considered the record, the Commission makes the following findings:

The order of the United States District Court for the Northern District of Illinois, Eastern Division, dated January 2, 1940, confirming, under section 77 (b) of the Bankruptcy Act, the plan of reorganization of Utilities Power & Light Corporation, provided as to unclaimed shares of stock of Ogden (referred to in the order as the "New Company") as follows:

* * * Any such New Preferred Stock and New Common Stock, or either, which

shall remain unclaimed (i. e., the necessary acts to procure delivery remaining undone) after a date (herein referred to as the expiration date) five years from the date of this order may be sold by the New Company for cash at public or private sale, and in such manner as the Board of Directors of the New Company may determine. Thereafter, those previously entitled to receive the shares of stock so sold shall be entitled to receive from the New Company only the net cash proceeds from such sale realized with respect to the New Preferred Stock or New Common Stock, or both (together with the dividends declared thereon and set aside for payment on such shares) which they respectively were entitled to receive, without interest thereon. Any such net cash proceeds (together with any such dividends) not claimed within six years after the date of such sale may be held by the New Company as a part of its general funds free of any claim of those previously entitled thereto. . . .

As of December 31, 1944, approximately 54,000 shares of Ogden's common stock remained unclaimed by those entitled to receive such stock under the plan or reorganization of Utilities Power & Light Corporation.¹ Ogden proposes to sell such unclaimed shares of common stock at public auction, and reserves the right at such auction to make a bid of not less than \$3.75 per share for such stock.² If such stock is acquired by it, Ogden proposes to cancel the stock so acquired.

Ogden proposes to publish notice of the public auction in the press on two separate dates within the week preceding the date of the auction. Such notice will set forth, among other things, the terms and conditions of the sale, including the condition that the consummation of the sale shall be subject to the approval of this Commission. Ogden proposes to deposit the net proceeds of such sale, together with dividends thereon declared and set aside (amounting to \$95,253.24 as of December 31, 1944) in a special fund to be administered in accordance with the said Court order of January 2, 1940. As soon as practicable after such sale, Ogden proposes to give notice to the persons formerly entitled to receive the unclaimed common stock proposed to be sold, advising such persons that they are entitled to claim their pro rata share of the proceeds of the sale, and that if they do not make such claim within six years after the date of the sale, they will

¹The record indicates that Ogden's preferred stock, including shares of preferred stock unclaimed by those entitled to such shares in the reorganization, was called for redemption on July 29, 1940. Ogden has set aside an amount equivalent to \$51,434 per share (the redemption price plus accrued dividends) which, pursuant to the Court order of January 2, 1940, will be available until January 2, 1951, for the persons formerly entitled to such unclaimed preferred stock.

²Ogden states that the purpose of making such bid, if any, would be "to prevent a sale at sacrificial values." Ogden's common stock is currently quoted on the N. Y. Curb Exchange at about \$4.50 per share. It was testified that the largest single day's volume of sales for Ogden common stock on the Curb, from January 2, 1945 through February 13, 1945, was 5,200 shares, and the smallest 160 shares.

have no further right to claim any of such proceeds.³

The proposed sale is in conformity with the Court order of January 2, 1940 and the terms of such sale appear to be fair to the security holders affected thereby. We observe no basis therefore, for any adverse findings under, any applicable provisions of the Act in respect of the proposals herein. Jurisdiction will be reserved, however, with respect to the sales price of the stock proposed to be sold.
